SUMMARY

I have been working with Web & Mobile development since 2013, the period during which I have worked in different environments, from big consultancy companies to start-ups. I am a self-motivated and self-taught professional who likes to solve problems.

I merge a passion for usability and user experience with technical knowledge to create cool digital experiences. My repertoire includes programming languages and tools such as ReactJS, VueJS, AngularJS, MongoDB, Wordpress, Python, NodeJS, Express, MySQL, PostgreSQL, Nginx and Apache server configuration, Gulp, SASS, LESS, Twitter Bootstrap, Susy, jQuery, and more.

WHAT I'M PROUD OF

My Focus & Persistence

Despite any hard situation, I keep my focus on my goals and always move towards them.

My Flexibility & Adaptability

I've left a small village with 1000 people to live in São Paulo, a megacity with 11 million people, and I didn't have any problem with that. Then I left my country to live in Ireland and I'm doing well.
